

Physics Happenings

33.5

1. On June 6, 1989, the department held a goodbye thank-you lunch for outgoing Chair C.S. Kalman, at the Taj. Two members (with the same name) sang a spontaneously composed farewell song; toasts and speeches were the order of the day.
2. On June 12, 1989, a one-day Leadership Effectiveness Program for Department Chairpersons at Concordia, under Dr. A. Lucas, was attended by Dr. Kalman and Dr. B. Frank.
3. Nguyen Tranh won a 1989-90 FCAR Fellowship, one out of 133 at Concordia University this year. Congratulations.
4. At Spring Convocation, June 9, 1989, Martin D. Lacasse, B.Sc. won the Walter Raudorf Medal, and Kingsley O. Mbaebie won the Nishith Mukerji Medal. The Upreti Quantum Mechanics Award, awarded annually by the Department of Physics to the physics student with the highest grades in Quantum Mechanics, was won this year by Michael Glavicic. Congratulations to all three students.
